

# Weekly Report Week 29.5 - 5.6

---

Work on trajectory planning and camera calibration.

## Contributions

- Alexander Busch: Work on camera calibration and project structure
- YuTung Tsai: Learn OpenCV Image Processing
- Berk Ali Cam: Added more functionality to the package (going to the poses from pose.txt file, quintic spline moving(requires more work))
- Junaidali Surti: Research on camera calibration. Took update on ongoing work from team.
- Mahek Panchal: Setup and installation complete. Learning more about workspace, trajectories.
